

Santa comes through again...

With New Digital Printing Technology for Copresco

In last December's *Overnight Lite*, we talked about Santa leaving new presses under our tree—and our plans to meet clients' needs with more technology advancements in 2014.

Well, the Jolly Old Elf came through again by delivering a new digital color press and laminating equipment.

Complete Modernization

With the installation of the color printer early this year, we finalized the complete updating and modernization of our production department.

Our new six-press fleet provides exceptional quality, reliability and the workhorse strength to produce millions of copies of your short-run books and publications.

First-Class Support

This impressive equipment lineup is supported by Copresco's extensive experience and knowledge of digital technology that keeps us on the forefront of on-demand printing.

Great Looks, Added Value

Copresco installed a new laminating system for the covers of your projects that will make them stand out in the crowded marketplace,

The lamination process enhances the aesthetics and adds value to your printed pieces by giving the impression of higher quality and importance.

Cover lamination will also provide strength, protection, durability and permanence advantages.

Another Milestone

We marked the 25th anniversary of *Overnight Lite* in October.

Copresco believes in the power of the printed word, and we practice what we preach. That's why we have designed, produced and mailed the newsletter first class since 1990.

Our continuing goal is to combine tasteful humor with helpful technical information and industry news.

A project is completed on Copresco's newest digital color press.

More on the Way

Watch for future announcements of new equipment and the expansion of our bindery department early next year.

Plans are also underway to upgrade and streamline our prepress operations.

A new automated system will provide you with smoother, faster and more efficient approval of your digital printing projects.

Many Thanks

As Copresco wraps up a busy and productive 2014, we thank you again for this opportunity to work with you in our mutually beneficial business partnership.

Happy Holidays

We wish you a most happy holiday season and look forward to sharing a prosperous 2015 with you.

Dear Santa: If there's anything you want for Christmas, just ask.

Your friend, Bill Gates

"Mom, I found the answer to surviving college!" the freshman said during his first visit home. "It's not all about grades! It's not about who's the smartest and who's not! It's about the quality of the learning experience, about independence and applying lessons to real life! I'm so excited to learn this now!" "Honey, that's great!" she responded. Turning to her husband, she asked, "What do you think it all means?" "He's flunking math," her husband replied.

Q: What's the difference between a pizza and a musician?

A: The pizza can feed a family of four.

Line up and repeat after me: "We are all individuals."

During a church play, a child dressed as one of the three kings approached the manger, laid a package there and said, "Gold." Another walked up and said, "Myrrh." Then the third stepped up and said, "Frank sent this."

Q: When does New Year's Day come before Christmas Day?

A: Every year!

Two men paused at a newsstand to read the day's headline, "Man Wanted for Armed Robbery in Brooklyn." "You know," one man said, "if it was in Miami, I'd take it."

Q: Which reindeer likes to clean?

A: Comet.

Be Yourself. Everyone Else Is Taken.

They all laughed when I said I wanted to become a comedian," my brother-in-law bragged. "Well—they're not laughing now!"

"Mom, can I be a drummer when I grow up?" "No, hon, you can't do both."

Q: Where did Santa first meet and dance with his wife?

A: At the annual Snow Ball.

A New Year's resolution is something that goes in one year and out the other.

Q: How do you know that Santa is a man?

A: No woman wears the same attire every year.
